### 18" NECKLACE

A common choice for women that will fall just below the throat at the collarbone. This length is popular for adding pendants which will hang over a crew neck.

### 20" NECKLACE

Will fall a few inches below the collarbone and allow a little more breathing room. Perfect for a low, plunging neckline or if you want to wear it over a turtleneck.

### 22" NECKLACE

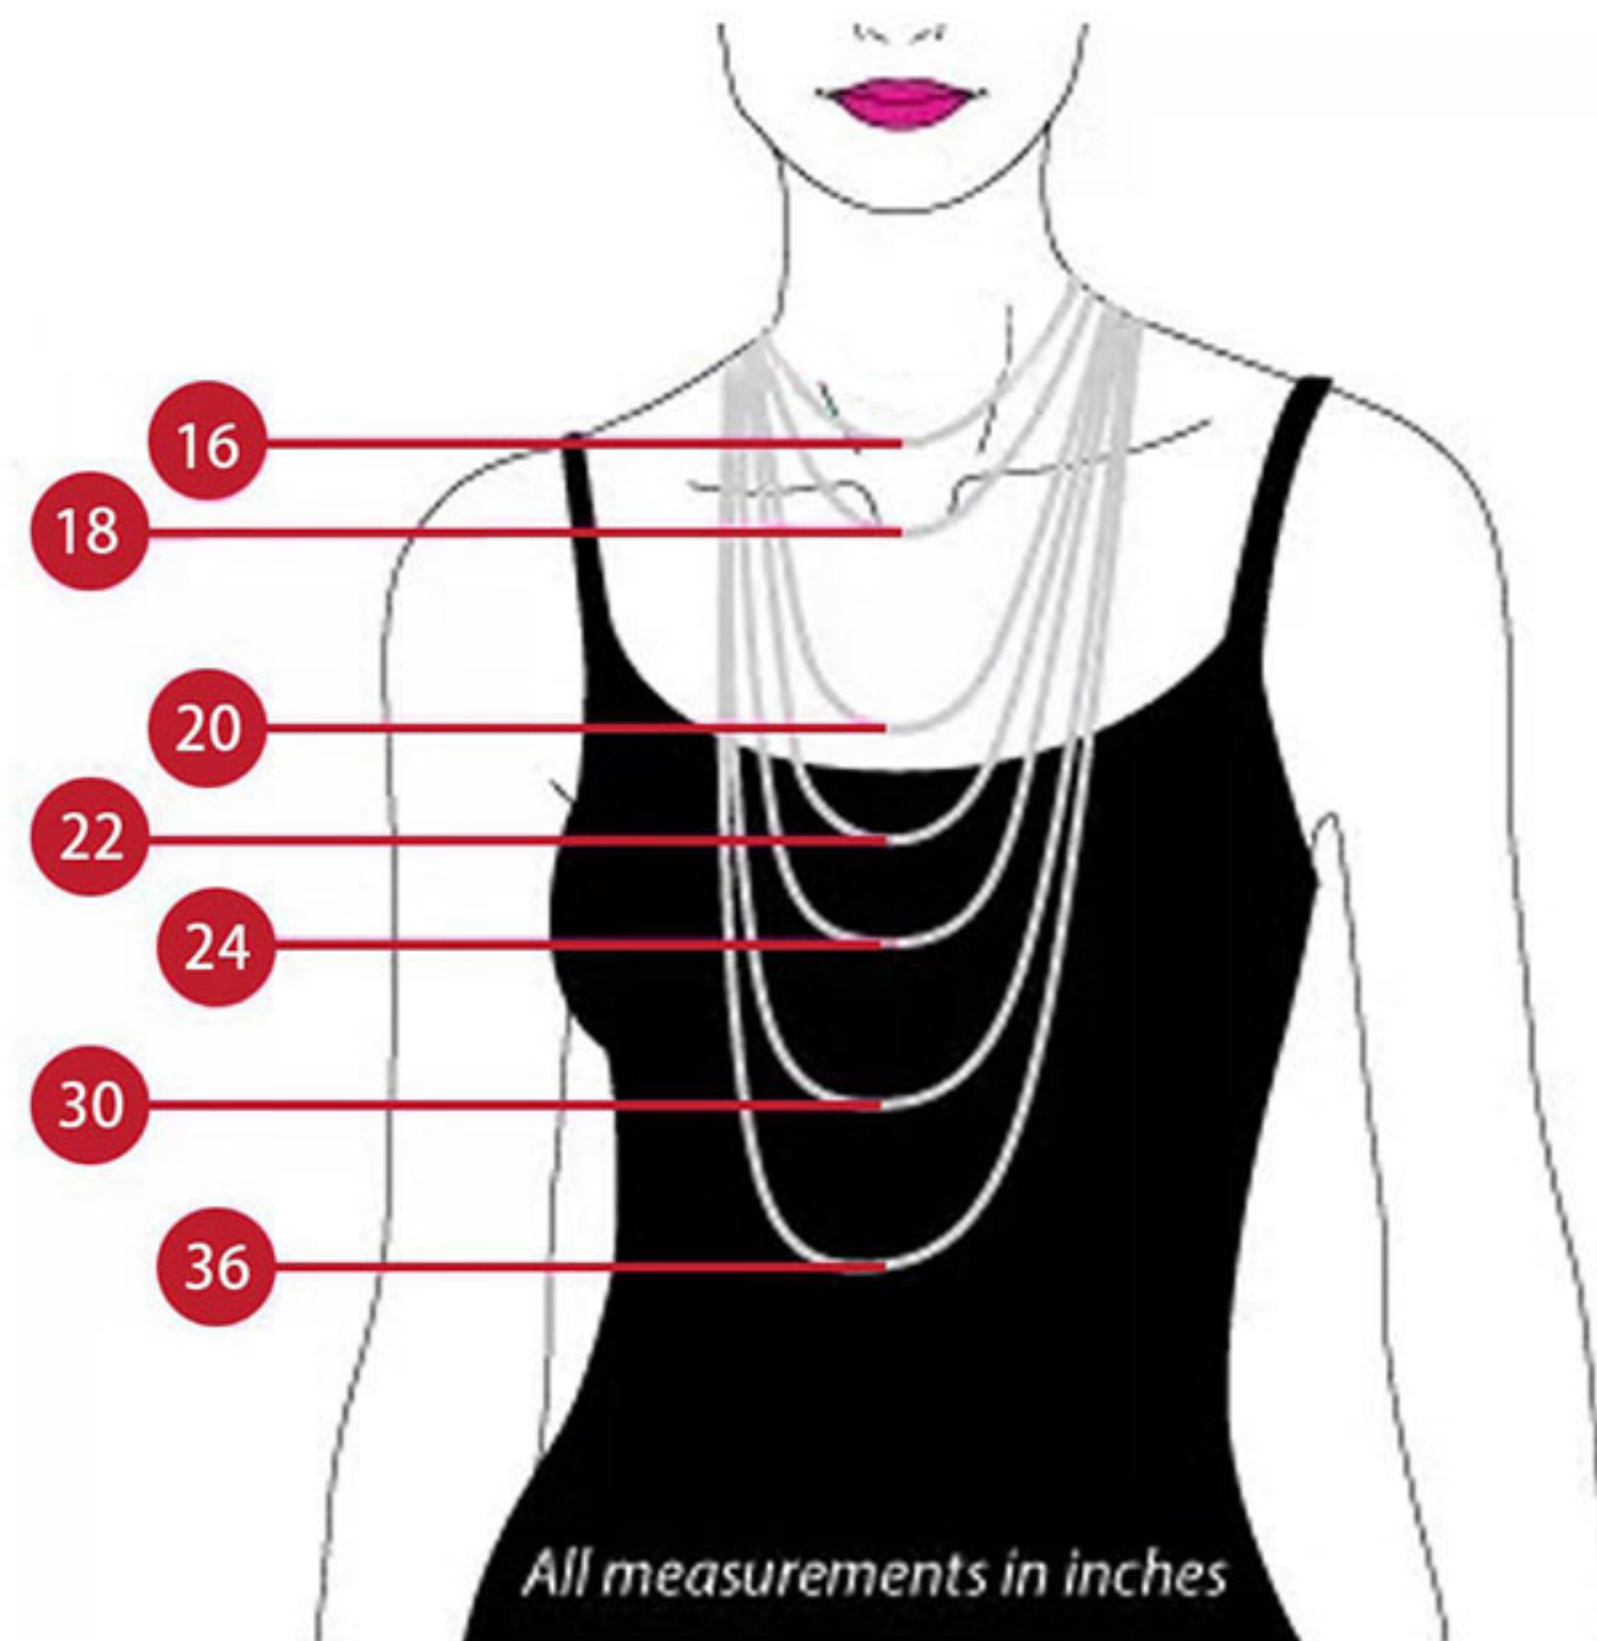

Falls at or above a low neckline.

### 24" NECKLACE

Falls below any neckline.

### 36" NECKLACE

## MEN'S STANDARD NECKLACE SIZES

### 18" NECKLACE

A shorter length that falls just around the base of the neck. Popular for beaded necklaces so they can sit above a crew neck t-shirt.

### 20" NECKLACE

A common length for men which falls right at the collarbone. Pendants will hide under a crew neck or show completely with a low v-neck or unbuttoned dress shirt.

### 22" NECKLACE

Falls a few inches below a collar bone and can be worn over or under a shirt. This is a common length for chains because they offer more breathing room.

### 24" NECKLACE

Extra long and is commonly used to keep religious or meaningful pendants under the shirt and closer to the heart. Falls just above the sternum.
